

Universa Unlimited

Custom-made for frequent callers

Universa Unlimited is the most cost-effective solution for the intense communications needs of your business' employees, who transfer a lot of data. Regardless of how often you call mobile phone or fixed numbers in Switzerland and many countries abroad, your communication costs remain predictable and under control and no matter how extensive your use of mobile data traffic to synchronise emails or surf the Internet, with Universa Unlimited the costs are covered in advance by the fee.

The price plan for intensive mobile communication

If you make a lot of calls on your mobile phone, send or receive a lot of emails or SMS via mobile phone, or use your phone to access the Internet, Universa Unlimited is the perfect choice for you. Universa Unlimited will provide you with ample talktime, SMS and data traffic in all networks in Switzerland and many other countries for a reasonable fixed rate. As well as saving ready cash, with Universa Unlimited you also retain full cost control, allowing you to keep your company on the road to success.

Keep your budget under control

The Universa Unlimited fixed tariffs give you the opportunity to draw up accurate costings for your telecommunications budget, with unlimited calls to all Swiss mobile and fixed line networks plus 500 inclusive minutes each month for calls abroad and SMS*. You will also receive a 2 GB capacity for emails and Internet usage via your mobile phone.

* 1 SMS = 1 minute. Includes international calls to countries in zones 1-3 (Europe, USA, Japan, Australia and many more – see full list overleaf). The included 500 minutes cover all needs of intensive usage. Roaming excluded.

The benefits at a glance

- Tailored to the needs of frequent mobile phone users
- Budgetable communication costs for employees who make a lot of calls and transfer a high data volume as part of their work
- Unlimited calls to **all** Swiss mobile and fixed line networks
- You will also receive 500 free minutes to call Europe, the USA and many more countries – or you can use these minutes as SMS instead (1 minute = 1 SMS)
- The 2 GB data capacity included in the package is sufficient to handle mobile Internet usage for mail traffic or website viewing
